DETAILED ACTION

1. Claims 11, 13, 14 and 16-22 are pending.

Claim Rejections - 35 USC § 103

2. Claims 11, 13, 14 and 16-22 are rejected under 35 U.S.C. 103(a) as being unpatentable over Zondervan, US, 7,076,741.

Zondervan discloses, e.g. Figs. 1-3, a billing system comprising servers, e.g. 18, 20, a plurality of terminals, e.g. 116, connected to a communication network, e.g. 134. Zondervan does not disclose the term service program. Official Notice is taken that service programs have been common knowledge in the billing system art. To have provided such for Zondervan would have been obvious to one of ordinary skill in the art. It is noted intended use claim language, e.g. for sending, does not provide positively recited claim language that distinguishes itself from Zondervan. It is the Examiner's position that Zondervan may execute the intended use claim language recited. Applicant's REMARKS have been reviewed, but are moot in light of the new grounds of rejection.

3. Further pertinent references of interest are noted on the attached PTO-892.

Conclusion

4. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
